_____

Dear Hiring Manager,

I am submitting my resume for consideration for Summer Internship Opportunities (Information Technology) at First Book. I am seeking a role where I can add value to a team and learn from professionals.

In my 4 years of attending New York City College of Technology I have completed courses such as Object Oriented Programming in Java, Database, Multimedia and Mobile Device Programming, Advanced Web Client Technologies, Web Development. In my most recent internship I learned Python and worked on creating analytics for my team.
I am confident that being accepted into First Book will help me grow as a developer and also will give me a chance to share my knowledge about the latest technologies.

I am flexible and physically able to meet the demands of this position and I can adjust quickly to changing environments. I have excellent analytical thinking and I will have no problems with the communicating routine in an individual or group setting. I have provided more information about my credentials in my resume. I am positive that this is the opportunity I was looking for.

Thank you for your consideration.
You can reach me for an interview by calling (203) 805-2166.

Sincerely,

Xhoana Koca
